## Facial Services

A relaxing European facial treatment that is customized to your skin's special needs. This is a deep cleansing and exfoliating treatment that will soften and rejuvenate your skin. Glycolic, Vitamin C, special enzymes, aloe vera and hyaluronic acid are only a few of the high quality ingredients used in this signature facial. A facial, neck and shoulder massage, treatment mask and serums will be customized to you. Special treatments may be utilized, depending on the condition of the skin being treated. For an unforgettable experience, the Ultimate Facial pampering treatment includes a soothing and softening hand treatment, light peel and special skin therapy designed just for your skin. Aromatherapy is used to ensure complete relaxation.

## Hair Removal

Sugaring is the ancient art of Egyptian hair removal and exfoliation. It's safe and effective for women and men. Body sugar is all natural made from sugar, lemon, and water. This mixture contains no chemicals, resins, or additives. It is so natural you can EAT it! Body sugaring removes hair at the root and exfoliates dry skin.
